To Whom it May Concern,

Colorado elections belong to the people. Unfortunately, SecState Griswold does not agree. In her June 17th emergency rules proclamation, Griswold unilaterally attempted to block election transparency in our state.

This action is unethical, legally questionable, and outrageous. I demand SecState Griswold void her emergency rules on election audits in order to guarantee CO citizen's rights to free, fair, and transparent elections.

Attached are my petitions against proposed election rule changes. The proposed changes only further reduce our faith in the integrity of our election process. We integrity and transparency in our elections. These proposed changes go in the WRONG direction!!! Please fight crap like this with all your might.

Thank you and regards,
