Hello,

In addition to the comments submitted on behalf of the County Clerks, Eagle County has specific concerns on the following proposed rules:

7.2.4 relating to adding a specific insert to a replacement ballot when SCORE has not developed a way for us to determine the nature of the change thus the type of insert required.

7.7.8 requiring that metrics be added to the signature verification audit, yet our systems do not have the capability.

8.14 with regards to watchers. This would be tough to enforce with watchers texting, etc.

Thank you for your consideration of these comments from those who are responsible for implementing them.

Sincerely,

Regina O'Brien
