Subject: [EXTERNAL] Election rules- no change

I'm a registered voter in Colorado and vote in County , State and Federal elections. I do Not want changes (and will vote against them and those trying to pass) to the current election laws (pre 2020 Presidential election)- regarding the following:

1. Signature verification- Keep drivers license – and maybe last 4 digits of SSN
2. Election Judge/Poll watchers- keep them in
3. Voter rolls- keep deceased denied
4. County Clerk- do NOT shift responsibility to Sec of State
5. Election security measures- no reduction in security

Why would we want to change fair, honest elections? I will vote against- and anyone asking for this.
