The changes being proposed make me puke. You need to be removed immediately, and I can not wait for your departure back to CHina. So how long have you known the loser, Nazi, George Soros? Your measures are disgusting and so is your soul. Following the communist playbook very well. No matter, So many states have been overturned. I can't wait till the whole country is forensic audited. Nothing can stop what is coming. Hope you got a nice lawyer, oh wait, your besties with Soros. Disgusting. Dominion whistleblower gonna bring ya down. You are a very sad case. Your communist agenda is melting away before your eyes. Thanks for your time, Joshua Loun.
