It is Clear a large percentage of Colorado citizens want a “ Forensic “ Audit

and understand the Election was stolen ... and that

Ms. Griswald is intimately involved in the corruption and

her changing the Election Rules and making them Permanent is to ensure corrupted

Elections forever. Ms. Griswald should be in Prison, she clearly has committed
Treason.

Does arrogant Mr. Thorton really think we're buying his non partisan certifying of
the Dominion

machines because he says so ...
