Subject: [EXTERNAL] Secretary of state to give permission of third party audit.
Date: Friday, August 6, 2021 3:56:41 PM

My Name is Bonnie Hammond I am a legal resident and legal voter in the State of Colorado and I am writing today to request that third party audits be performed to our election. I agree with Mr. SMITH The first person to the voice conference about the proposed legislation.

I agree with his points and all of his opinions regarding this major issue.

A third party audit to determine trust of any elected officials is a priority.

Secondly all Dominion voting machines should be banned from all county's in our state and across America.

Thank you for your time on these issues.

Sincerely,

Bonnie Hammond
