I have gathered and scanned 100's of signed petitions from my scanner. None of the petitions I sent in show up on your "written comments" list stamped "Received". You won't allow us to drop off petitions to your office, so nothing we say is received or acknowledged by you. Very convenient for you.

Your quick move to change the rules to allow you to commit continuous FRAUD in every election moving forward is so telling to your marxist, socialist, communist takeover of America. If you can't win legally, change the rules so you can cheat legally.

Your "Gold Standard" sent ballots to me in my deceased husband's name and in my current name. Clean up your dead voter rolls.

Allow ONLY the LEGAL citizens of the UNITED STATES of AMERICA to run the country. Illegal, NON-CITIZENS have NO right to rule AMERICA and change our laws.

Transparency would prove you have nothing to hide, but obviously you have everything to hide since you don't want light to shine on your "GOLD STANDARD" election.

FRAUD is the only way you can win. If that is not a true statement...prove it! We will never have an honest, legal election in this country with your new election "RULES/LAWS" and you know that. You silenced the voice of American's with your Marxius take over.

George Soros practiced on Venezuela with the dominion voting machines before he perfected them here in AMERICAN in the 2020 election. If this is wrong, prove it by transparency of the machines.

Shame on all of you because you hate my AMERICA that my family fought and died for.
