Subject: Emergency Rules by Unlawfully done by Griswold

To Whom it May Concern:

Colorado elections belong to the people. Unfortunately, SecState Griswold does not agree. In her June 17th emergency rules proclamation, Griswold unilaterally attempted to block election transparency in our state. This action is unethical, legally questionable, and outrageous. What is Colorado trying to hide? Did we do an unlawful election with the Dominion machines and are trying to cover up the fraud? I demand SecState Griswold void her emergency rules on elections audits in order to guarantee Colorado citizens' rights to free, fair and transparent elections.

Sincerely,

Karen Post
