

Mass Change Registered Agent Instructions

Our office can update the name and/or address of a registered agent on file. To do this individually, file a Statement of Change Changing the Registered Agent Information or make changes while filing your periodic report. Otherwise, our office can perform a mass change. To perform this cost-effectively, we only accept requests if the total count of records is 550 or greater.

You can do your own preliminary search to check the number of records which need changed by going to [Colorado Information Marketplace](#) and searching or filtering the Agent

Information in the “Business Entities in Colorado” dataset. Do not include any statuses you don’t wish to update such as merged.

Once we’ve received your request form and payment, we will prepare a spreadsheet listing all records found that match your criteria. We will email this spreadsheet to you for review and approval.

After the spreadsheet is finalized, we will email you the statement of change form along with the final processing fee. Once we have received your document and payment, we will process your request. This final run could take a couple of weeks.

Please be aware this whole process could take 2-3 months.
